Where Innovation Meets Determination

Since 1993

- The Center for Science & Mathematics at began at Delgado's Campus in 1993; post-Hurricane Katrina (2005) became The New Orleans Charter Science & Mathematics High School.
- In 2021 Sci High moved to its new facility at 2011 Bienville St. that houses our current operations.
- During their first season in LSHAA Sci High's Volleyball and Girl's Basketball, Girl's Softball, and Outdoor Track & Field student-athletes earned district titles.
- Sci High graduates in 2022 had a 100% college acceptance rate and earned credentials in science, technology, engineering, and mathematics fields that will make them higher wages than other graduates without credentials.
- Every summer our students can become eligible for a paid internship in S.T.E.M careers to gain meaningful first-hand experiences.
- Our students can also qualify to take dual enrollment courses at one of Sci High's accredited program partners that have the potential to save them and their families thousands of dollars.

Mission

The New Orleans Charter Science and Mathematics High School is an open-admission public charter school that prepares all students for college admissions and successful careers. Sci High provides a rigorous high school curriculum with an emphasis in science and mathematics in a supportive environment of learning and respect that prepares students to make informed choices about post-secondary pursuits.
